🔗 Portfolio

## Profile

Frontend **Software Engineer** with **3.8 years of experience** developing **secure, scalable web applications** using **React.js, JavaScript, TypeScript, HTML, and CSS**. Ready to advance to **Software Engineer III** level with proven expertise in **high-quality production code, performance optimization**, and **large-scale applications** in **corporate environments**. Strong knowledge of **SDLC, Agile methodologies, CI/CD practices**, and **RESTful API integration**.

## Professional Experience

05/2024 – Present Hyderabad, Telangana, India	<b>MindwaveAI Solutions</b> <i>Frontend UI Developer</i> <ul style="list-style-type: none"><li>Developed <b>responsive user interface components</b> using <b>React.js, TypeScript, JavaScript</b>, and <b>Tailwind CSS</b> following <b>web development best practices</b></li><li>Collaborated with <b>UX/UI designers</b> to translate <b>design wireframes</b> into <b>high-quality, accessible production code</b></li><li>Created <b>reusable UI components</b> ensuring consistency, maintainability, and faster <b>development cycles</b> across multiple applications</li><li>Implemented <b>performance optimization</b> techniques and maintained <b>secure coding practices</b> for synchronous <b>system operations</b></li></ul>
12/2021 – 05/2024 Chennai, Tamilnadu, India	<b>Spinebiz</b> <i>Frontend UI Developer</i> <ul style="list-style-type: none"><li>Developed and maintained <b>UI-driven applications</b> using <b>React.js, TypeScript</b>, and <b>JavaScript</b> in <b>large corporate environment</b></li><li>Enhanced <b>user experience</b> and <b>accessibility</b> while improving <b>application responsiveness</b> and <b>performance optimization</b></li><li>Integrated <b>RESTful APIs</b> into intuitive, <b>data-driven interfaces</b> ensuring <b>operational stability</b> and <b>security</b></li><li>Followed <b>Software Development Life Cycle</b> practices within <b>Agile teams</b> including <b>peer code reviews</b> and <b>CI/CD processes</b></li></ul>

## Skills

<b>Programming Languages:</b> JavaScript (ES6+), TypeScript, HTML5, CSS3	<b>Frontend Technologies:</b> React.js, Redux, Redux Toolkit, RTK Query
<b>API Integration:</b> RESTful APIs, Third-Party API Integration (OpenAI APIs, Amazon Streams)	<b>Development Tools:</b> Git, Version Control Systems, Agile/Scrum
<b>UI Libraries:</b> Tailwind CSS, Material UI	<b>Testing &amp; Quality:</b> Unit Testing with Vitest, Peer Code Reviews
<b>Methodologies:</b> Software Development Life Cycle (SDLC), Agile, CI/CD, Application Resiliency	<b>Design Collaboration:</b> Wireframe Translation, Responsive Design, Accessibility, Cross-Browser Compatibility

## Education

---

07/2016 – 03/2021      **Bachelor's of Technology, Civil Engineering**  
Bhimavaram,              *Sagi Rama Krishnam Raju Engineering College*  
Andhra Pradesh, India

## Projects

---

- 08/2024 – Present      **Interval 360 – SaaS-based AI-Powered 360° Feedback Platform**  
*Frontend UI Developer*
- Developed **responsive HR feedback application** with React.js, TypeScript, and Tailwind CSS for 360° surveys and evaluations.
  - Collaborated with designers to **convert wireframes into role-based portals** (Super Admin, HR Admin, Employees).
  - Integrated AI features using **Groq LLaMA 70B** for conversational feedback and analytics.
  - Applied **SDLC and RTK Query** for efficient data fetching and maintainable code delivery.
- Tech Stack:** React.js, TypeScript, Tailwind CSS, Redux Toolkit, RTK Query, RESTful APIs, Git, Agile/Scrum
- 05/2024 – 06/2025      **Nimble Connect – Donor Engagement & Campaign Management Platform**  
*Frontend UI Developer*
- Built **role-based portals** for Admin (Clients, Agents, Donors, Campaigns) and Agents, enabling secure multi-user access.
  - Developed **CRUD-enabled management screens** for clients, agents, and campaigns with React.js & TypeScript.
  - Implemented **campaign workflows**, allowing admins to assign agents and agents to join campaigns and perform donor calls via **AWS Connect & Amazon Streams**.
  - Designed **responsive, reusable UIs** ensuring accessibility, performance optimization, and seamless RESTful API integration.
- Tech Stack:** React.js, TypeScript, Tailwind CSS, Redux Toolkit, RTK Query, RESTful APIs, AWS Connect, Git, Agile/Scrum
- 12/2021 – 04/2024      **Berighthere.com – Workspace & Meeting Space Booking Platform**  
*Frontend UI Developer*
- Developed and maintained **responsive booking platform UIs** for workspace and meeting room reservations.
  - Designed **intuitive, user-friendly interfaces** with React.js, JavaScript, and CSS, ensuring cross-browser compatibility.
  - Integrated RESTful APIs for **real-time availability and secure booking workflows**.
  - Followed **SDLC practices** within Agile teams for stable and maintainable delivery.
- Tech Stack:** React.js, JavaScript (ES6+), CSS, RESTful APIs, RTK Query, Git, Agile/Scrum

## ADDITIONAL QUALIFICATIONS

---

- **Problem-Solving Skills:** Excellent analytical skills with attention to detail in troubleshooting and debugging complex applications
- **Team Collaboration:** Experience in diverse, inclusive environments and software engineering communities
- **Continuous Learning:** Proactive in exploring emerging technologies and contributing to communities of practice
- **Security & Performance:** Knowledge of secure coding practices and data analysis for continuous improvement
