# Grandhi M L K R S Vijayakanth

**Palakol, Andhra Pradesh, 534260** | vijayakanth.tech@gmail.com | **8978374829**

## Summary

Software Engineer with 3+ years of experience in web and mobile application development using **React-Native, React.js, Redux, and JavaScript**. Proficient in creating responsive UIs and API integrations using Axios and RTK Query. Familiar with unit testing using Jest.

## Experience

**MindwaveAI Solutions – Hyderabad, Telangana**
*Software Engineer* | 05/2024 – Present

- Developed web and mobile apps using React-native,React.js, Redux, and TailwindCSS.
- Integrated APIs using Axios and RTK Query.
- Created responsive UIs with MUI and Bootstrap.
- Conducted code reviews and mentored junior developers.

**Spinebiz – Chennai, Tamil Nadu**
*Software Engineer* | 12/2021 – 05/2024

- Utilized React.js and React Native to develop interactive web and mobile applications.
- Developed responsive and professional user interfaces with TailwindCSS, Bootstrap, and MUI.
- Integrated Axios and RTK Query APIs for optimal communication.Wrote unit tests with Jest and ensured code integrity.

## Technical Skills

- **Frontend Development:** React.js, React Native
- **State Management:** Redux
- **Styling & UI Frameworks:** Tailwind CSS, MUI, Bootstrap
- **Version Control:** Git, GitHub, Bitbucket
- **API Integration:** REST APIs, Axios, RTK Query
- **Testing & Debugging:** Jest, software testing methodologies
- **Development Practices:** Agile methodologies, code reviews

## Roles and responsibilities

- **Application Development:** Design, develop, and test web & mobile applications using React.js and React Native.
- **Collaboration & Testing:** Work with cross-functional teams, conduct thorough testing and debugging, and ensure high-quality software solutions.

## Other Skills, Achievements and Experience

- Strong communication skills for client and team interactions.
- Experience in client requirement finalization, UAT discussions, and deliverable management.

# Projects

### Shaker Group Maintenance

- Developed a mobile app for Shaker Group technicians to track job orders and statuses.
- Improved UI/UX for better usability and efficiency in job tracking.
- Integrated REST API calls for seamless order tracking and consumer activation.
- Enhanced app performance and responsiveness.

**Technologies used:** React Native, REST API, RTK Query, Jest

### MIVIS Assistance

- Built web and mobile applications for an international insurance and reinsurance platform.
- Designed an intuitive and interactive user interface for seamless client interactions.
- Implemented API integrations to streamline insurance and claim processes.
- Ensured responsiveness and accessibility across devices.

**Technologies used:** React Native, React.js, Material UI, REST API, RTK Query, Jest

### BeRightHere

- Developed a digital platform for workspace and meeting space booking.
- Designed and implemented a responsive and engaging UI.
- Integrated APIs to enhance search, booking, and user management functionalities.
- Ensured smooth navigation and user-friendly experience across devices.

**Technologies used:** React Native, React.js, Tailwind CSS, Material UI, REST API, RTK Query, Jest

### Nimble connect

- Created a donor engagement platform with a user-friendly interface.
- Integrated calling features using Amazon Connect Streams for secure communication.
- Implemented responsive design to ensure seamless cross-device compatibility.
- Collaborated with backend teams to implement a rules engine for compliance.

**Technologies used:** React.js, Tailwind CSS, REST API (RTK Query), Amazon Connect Streams, Jest

# Education

**Sagi Rama Krishnam Raju Engineering College (SRKR),** Bhimavaram, AP
**B.E. in Civil Engineering (2016 - 2021)**
